Our Own Factory

We have our own factory for manufacturing various of glassware products.Daily output is more than 5000pcs.

Service Story

Always to be a professional glassware supplier

How to better serve your customers? Always to be professional, stand on customer's feet thinking and be positive.That's why Sunny Glassware is the supplier of 80% fragrance brands in the United States.

When my client Suji inquired me about a lab glass, I was very happy even though Sunny Glassware had not done it before, because the client was willing to give the project to Sunny Glassware, which also showed that she gave me a trust. When I saw the customer's picture, I told the customer with confidence that we could do it.Customer want to add a small rectangular indent pressed into the glass so that she can have a label there, but I doubt whether we can do well in mass production, but seeing the customer insist on I did not say no to her ideas, and tell the customer we are willing to try, at the same time, when to arrange the samples, I arrange according to her request and do the samples according to my own idea.When the customer received the physical sample, the customer was very happy,completely agreed with my suggestion, and was quite appreciated of my professionalism and my foresight and control of the whole project.

Then we made the color sample, the customer quickly confirmed our color sample, we won the order.For the whole order, I helped the customer to strictly control the delivery time, quality and shipping service, and finally the customer was very satisfied after receiving the bulk goods.In the third month after delivery, the customer repeat the order and added a new size.

This is the first time our company so lab glass products. The design of the customer is very attractive, and there is not much competition in this part of the product. What the customer sells is a sense of ceremony and a feeling, so it is very popular among consumers.

Exhibition

Sunny has kept in taken part in various kinds of exhibitions since 2002, like Miami , London,Dubai,Las Vegas,MAISON&OBJET PARIS and etc.

Certifications

All of our products can meet different certification, such as**, LFGB, CA 65, ASTM, dishwasher test,ISO 9001:2008/2015 and Green & Social Compliance Statement and etc .**

CERTIFICATIONS

FAQ

1) Can you do printing on the glass?

Yes,we can.We could offer various printing ways: screen printing, hot stamping, decal attachment, frosting, sandblasting, etc.

2) Can we get your free samples about glass?

Yes,you can.Our Samples are only free for the customers who confirm order. But the freight for express is on buyer's account.

3) Can you combine many items assorted in one container in my first order?

Yes, we can. But the quantity of each ordered item should reach our MOQ.

4) If any quality problem, how can you settle it for us?

When discharging the container, you need to inspect all the cargo. If any breakage or defect products were founded, you must take the pictures from the original carton. All the claims must be presented within 15 working days after discharging the container. This date is subject to the arrival time of container.

5) why you choose us?

1. We have rich experiences in glassware trade for more than 26 years and the most professional team.

2. We have 10 production line and can manufacture 15 million pieces per month, we have strict processes enable us to maintain an acceptance rate above 99% .
3. We work with more than 1800 clients in about 80 countries.

6) How about your MOQ?

Different kind products will be different MOQ, for some glassware in stock, small orders are acceptable.

7) How many people in your R&D department?

We have 5 professional designers, and they will develop 15 innovative designs monthly.

8) Can you give me a discount about the price?

The price depends on your quantity, if you want good price with small order, you can make more quantity in one time, and leave them in our warehouse, we will keep the goods for you until you need.

9) Your products can be used in microwave and oven?

The high borosilicate glass and high usage temperature is up to 500 °C, so it is very safe to be used in microwave and oven.

10) Are your products safe for daily use?

Of course, all of our products pass the quality certification,CA pro 65,CE,so please do not worry about that.

We are looking forward to your inquiry and cooperation.
